

Table 100

Error Code	Error Name
E1	High Pressure Protection
E2	Low Pressure Protection
E3	High Pressure Protection
E4	Low Pressure Protection
E5	High Pressure Protection
E6	Low Pressure Protection
E7	High Pressure Protection
E8	Low Pressure Protection
E9	High Pressure Protection
E10	Low Pressure Protection
E11	High Pressure Protection
E12	Low Pressure Protection
E13	High Pressure Protection
E14	Low Pressure Protection
E15	High Pressure Protection
E16	Low Pressure Protection
E17	High Pressure Protection
E18	Low Pressure Protection
E19	High Pressure Protection
E20	Low Pressure Protection
E21	High Pressure Protection
E22	Low Pressure Protection
E23	High Pressure Protection
E24	Low Pressure Protection
E25	High Pressure Protection
E26	Low Pressure Protection
E27	High Pressure Protection
E28	Low Pressure Protection
E29	High Pressure Protection
E30	Low Pressure Protection
E31	High Pressure Protection
E32	Low Pressure Protection
E33	High Pressure Protection
E34	Low Pressure Protection
E35	High Pressure Protection
E36	Low Pressure Protection
E37	High Pressure Protection
E38	Low Pressure Protection
E39	High Pressure Protection
E40	Low Pressure Protection
E41	High Pressure Protection
E42	Low Pressure Protection
E43	High Pressure Protection
E44	Low Pressure Protection
E45	High Pressure Protection
E46	Low Pressure Protection
E47	High Pressure Protection
E48	Low Pressure Protection
E49	High Pressure Protection
E50	Low Pressure Protection
E51	High Pressure Protection
E52	Low Pressure Protection
E53	High Pressure Protection
E54	Low Pressure Protection
E55	High Pressure Protection
E56	Low Pressure Protection
E57	High Pressure Protection
E58	Low Pressure Protection
E59	High Pressure Protection
E60	Low Pressure Protection
E61	High Pressure Protection
E62	Low Pressure Protection
E63	High Pressure Protection
E64	Low Pressure Protection
E65	High Pressure Protection
E66	Low Pressure Protection
E67	High Pressure Protection
E68	Low Pressure Protection
E69	High Pressure Protection
E70	Low Pressure Protection
E71	High Pressure Protection
E72	Low Pressure Protection
E73	High Pressure Protection
E74	Low Pressure Protection
E75	High Pressure Protection
E76	Low Pressure Protection
E77	High Pressure Protection
E78	Low Pressure Protection
E79	High Pressure Protection
E80	Low Pressure Protection
E81	High Pressure Protection
E82	Low Pressure Protection
E83	High Pressure Protection
E84	Low Pressure Protection
E85	High Pressure Protection
E86	Low Pressure Protection
E87	High Pressure Protection
E88	Low Pressure Protection
E89	High Pressure Protection
E90	Low Pressure Protection
E91	High Pressure Protection
E92	Low Pressure Protection
E93	High Pressure Protection
E94	Low Pressure Protection
E95	High Pressure Protection
E96	Low Pressure Protection
E97	High Pressure Protection
E98	Low Pressure Protection
E99	High Pressure Protection
E100	Low Pressure Protection

Mastering Gree Multi VRF systems requires a deep understanding of their diagnostic language. From high-pressure protection (E1) to complex sensor logic (F1-F9), this comprehensive guide offers field-proven engineering insights to help technicians identify root causes, perform precise electrical checks, and ensure optimal system performance in commercial environments.
