

Coil Rewinding, Universal Motor, 550 W

Category: Global Electric

written by www.mbsmpro.com | January 10, 2026

Coil rewinding for a 550-watt universal mixer-grinder motor with a 48 mm core is more than just replacing burnt copper. The technician must reproduce the original 210+80 turn field coils with SWG 25 wire, respect the high-medium-low speed connections, and follow best rewinding practices to keep torque, speed, and temperature under control.
